

William E. Gannon, Jr., M.D., serves as Chief Scientific Officer/Medical Director and Co-Founder of Capital City Technical Consulting (CCTC) a Washington, DC based Consultancy Corporation. In addition to receiving his medical training and clinical work at Ross University, Case Western Reserve and George Washington University, Dr. Gannon obtained an M.B.A. at George Washington University in 1988 and has since built a wealth of experience in the management of clinical trials including designing the trials and building operational teams to ensure their successful completion. Dr. Gannon has held positions in multinational Clinical Research Organizations, medical device, biotech and pharmaceutical firms. In his most recent position prior to CCTC, Inc., Dr. Gannon served as Vice President – Clinical & Medical Affairs in the biotechnology arena. Dr. Gannon’s primary focus has been on oncology therapeutic and diagnostic applications, but he possesses a board range of experience across therapeutic categories. Dr. Gannon has managed clinical trials and operations as well as the design of corporate and regulatory strategies, regulatory submissions and execution of Phase I through Phase IV clinical trials in the U.S., Europe and Asia. Additionally, Dr. Gannon is involved in philanthropy and currently serves on the Board of Directors for the Engineering World Health Organization.
